

## Security Experts Available for Interview

Code Blue Corporation, the industry leading manufacturer of emergency communication solutions, is a valuable resource on the expanding and changing security landscape, from manufacturing and IT trends to the best safety practices for universities, hospitals, corporations, airports and more. We would be happy to make members of our team available to provide insight, information and commentary on the current and future market.

### David Cook

Chief Executive Officer

**Bio:** With a tremendous background that spans telecommunications, IT and security, David Cook brings unique insight to his work at Code Blue. David manages sales, finance, marketing, business development, product development and manufacturing, along with customer service. Prior to joining Code Blue, Cook served as the Chief Technology Officer for Corner World Corporation and served in the United States Navy as an intelligence specialist holding top secret security clearance and is a veteran of the Gulf War. He also is a member of NFPA and SIA.

**Areas of expertise:** IT technology, telecommunications, open systems

**Topic ideas:** Incident response/management, migrating to IP, software development, emergency communications

### David Fleming

Chief Design Officer

**Bio:** David Fleming has compiled a resume that includes more than a decade of innovation and leadership in how individuals and organizations communicate. In his role as Chief Design Officer for Code Blue, Fleming leads all marketing and product design initiatives for the organization, where he works to translate research and customer feedback into industry leading solutions. He is a member of SIA and ASIS, and has been a speaker and thought leader in the areas of emergency communication.

**Areas of expertise:** Integration, security trends, sales and marketing

**Topic ideas:** Mass notification, emergency communications, social media, buyer trends, marketing messaging
