Product Description

The CB 1-w is a solar-powered pedestal Help Point highlighted by a high intensity LED beacon/strobe light that provides exceptional visibility and acts as a deterrent to potential crime. This blue light emergency tower provides direct communication with first responders and provides optimum performance and reliability in almost any geographic location, including areas where power and phone lines are not available.

Standard Features

- Durable quarter-inch steel construction
- Trademarked cylindrical design
- 9.75 feet tall
- 12.75” diameter
- LED faceplate light
