

Product Description

The **A-700 Area Light** provides a highly visual light source surrounding Code Blue units and ensures rapid location in an open environment using 12 super high flux white LEDs individually lensed with LED collimator optics to utilize highly efficient TIR (Total Internal Reflection) methodology.

Technical Features

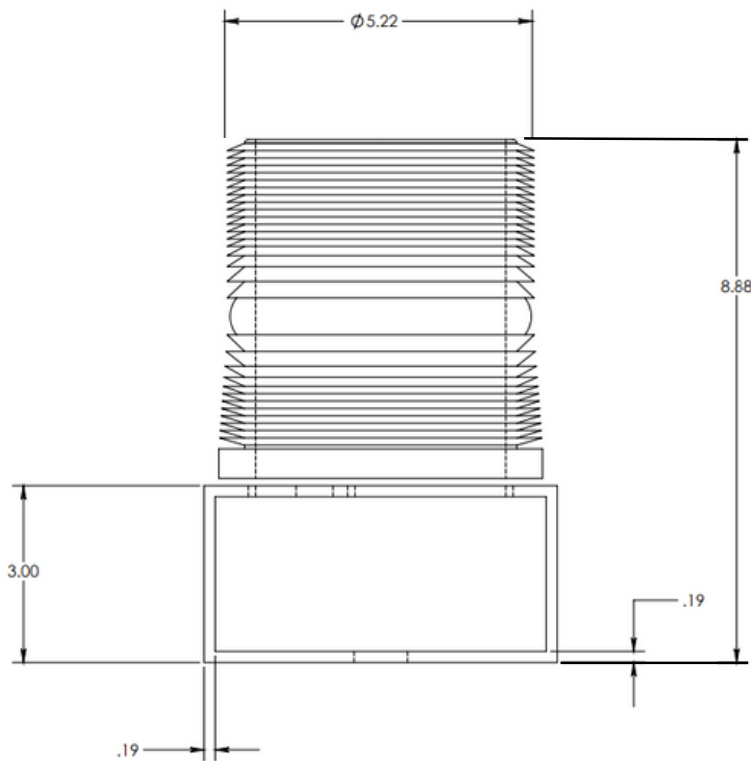

Available for:

- CB 1-s
- CB 2-s

Specifications

- **Height:** 8.88" (22.55 cm)
- **Diameter:** 5.25" (13.33 cm)
- **Input Voltage:** 24V AC
- **Amperage:** 1.3A
- **Output:** 852 Lumens
- **Lens Material:** Polycarbonate
- **Rated Life:** 100,000 Hours
- **Mounting Base:** Extruded Aluminum
