IA4100 ANALOG SPEAKERPHONE

Code Blue

Product Description

The IA4100 is a full duplex analog speakerphone that provides a reliable, hands-free link to first responders. Available with multiple button and keypad options, it includes a built-in contact closure that may be used to activate a strobe or camera or can be used for door access applications. It is an excellent choice for parking decks, hallways and building entrances.

Standard Features

✔ Full duplex

✔ Auxiliary power

✔ Self-monitoring

✔ Proprietary screws for vandal resistance

✔ Can drive Audio Paging messages

✔ Piezoelectric buttons that won't stick or jam
