

Product Description

Code Blue's **Premium Bezel** options provide maximum durability and flexibility in the color, text and Braille selections for our industry leading emergency speakerphones.

The unique acrylic and aluminum composition provides vandal, weather, and UV resistance for a long-lasting appearance that helps inform, instruct, and guide individuals using Code Blue speakerphones.

Technical Features

Available for:

- IP2500
- IA4100
- LS1000

Specifications

- **Large Bezel:** 1.965" H x 6.375" W (4.99 x 15.34 cm)
- **Small Bezel:** 1.6" H x 2.78" W (4.06 x 7.06 cm)

Premium Tactile Bezel

ADA Compliant Tactile:

Large (13 characters) and small (4 characters) bezels with six standard color choices for text and bezel and more than a dozen high-contrast combinations. Braille positioned below corresponding text.

Common high-contrast color configurations:

- Black and White
- Black and Yellow
- Blue and Yellow
- Green and Yellow
- Blue and White
- Green and White
- Red and White

Premium Printed Bezel

Custom Printed Design:

Printed Bezels allow for more customization options. Expanded color selection and less restrictive character limits allow for unlimited combinations to fit your need. Create and submit your own design using full color images, logos and text; optional Braille available to match.

Note: Specifications subject to change without notice or obligation on the part of Code Blue Corporation.
