Product Description

The newest configuration of **LS1000 VoIP Speakerphone**, combined with the **Axis F2105-RE Sensor & F9111 Main Unit**, delivers a powerful combination of functionality & reliability to meet your Help Point® needs. Providing a 108° field of view, along with 1080p resolution, the camera is designed to deliver clear video footage, even in rough conditions. This union of industry leading voice communication and first-class video verification will add additional layers of strength and dependability to any Code Blue ecosystem.

Standard Features

- ✓ Full duplex communication
- ✓ 12V DC or PoE Power availability
- ✓ Proprietary screws for vandal resistance
- ✓ 1080p Resolution Axis Communications Camera
- ✓ Piezoelectric buttons that won't stick or jam

Compatible Enclosures

- ✓ CB 1 Series Towers
- ✓ CB 2-a*, 2-e, & CB 2-s Wall Mount Enclosures
- ✓ CB 4-r*, CB 4-s*, & CB 4-u Wall Mount Enclosures
- ✓ CB 5 Series Towers
- ✓ CB 6 Series Speakerphone Enclosures*
- ✓ CB 9 Series Towers

SINGLE CHANNEL
MAIN UNIT DIMENSIONS

For additional details & specifications, please see Axis product sheets for the F2105-RE Camera & F9111 Main Unit, located at axis.com.

Note: Specifications subject to change without notice or obligation on the part of Code Blue Corporation.

What's Included?

1. Selected Speakerphone Configuration w/ Axis Camera.

2. Single Channel Modular Unit.

3. 3'(1m) Indoor/Outdoor Camera Cable.

4. Required Wire Harnesses & Components for power connections.*

***If you are ordering an LS1000 that includes a camera, along with a selected Code Blue enclosure, your speakerphone will arrive pre-installed in the enclosure to ensure proper power & communication connections are made. If installation is taking place into an existing enclosure, information on that environment and additional components may be required.**

Before You Order

Before placing an order for an LS1000 speakerphone that includes an camera installed on the faceplate, there are a few things we will need to know before your order can be processed.

- Are you ordering this along with a new Code Blue enclosure/tower, or are you planning to install it into an existing unit?
 - New Unit - Speakerphone with camera will come pre-installed in your new Code Blue tower or enclosure.
 - Existing Unit**
 - Is it a Code Blue Unit?
 - Yes - Please provide the model & voltage present within the unit.
 - No - Please provide the make & model of the enclosure, along with voltage present.***

****If you are ordering this speakerphone model on it's own, without an enclosure, additional components may be required in order to ensure proper functionality. This will depend on the specific incoming voltage & internal power system within the space that the speakerphone will be installed into.**

*****Custom charges may be required if the speakerphone needs to be designed to fit inside an enclosure from another manufacturer.**
