

Here To Help **ANYWHERE**

Help at the **touch of a button**®

Code Blue products are designed with Help in mind. Our products are designed to assist in environments that incorporate buildings, open spaces, entry points and more. Code Blue understands that keeping the public safe and secure is vital in all situations and locations.

An emergency situation can happen in the blink of an eye. When it does, Code Blue offers a fast and efficient way to alert both travelers and first responders or connect visitors with security personnel on location. That way, people can feel comfortable travelling around the world 24 hours a day, 365 days a year.
