

Connecting

EVERY COMMUNITY TO SAFETY

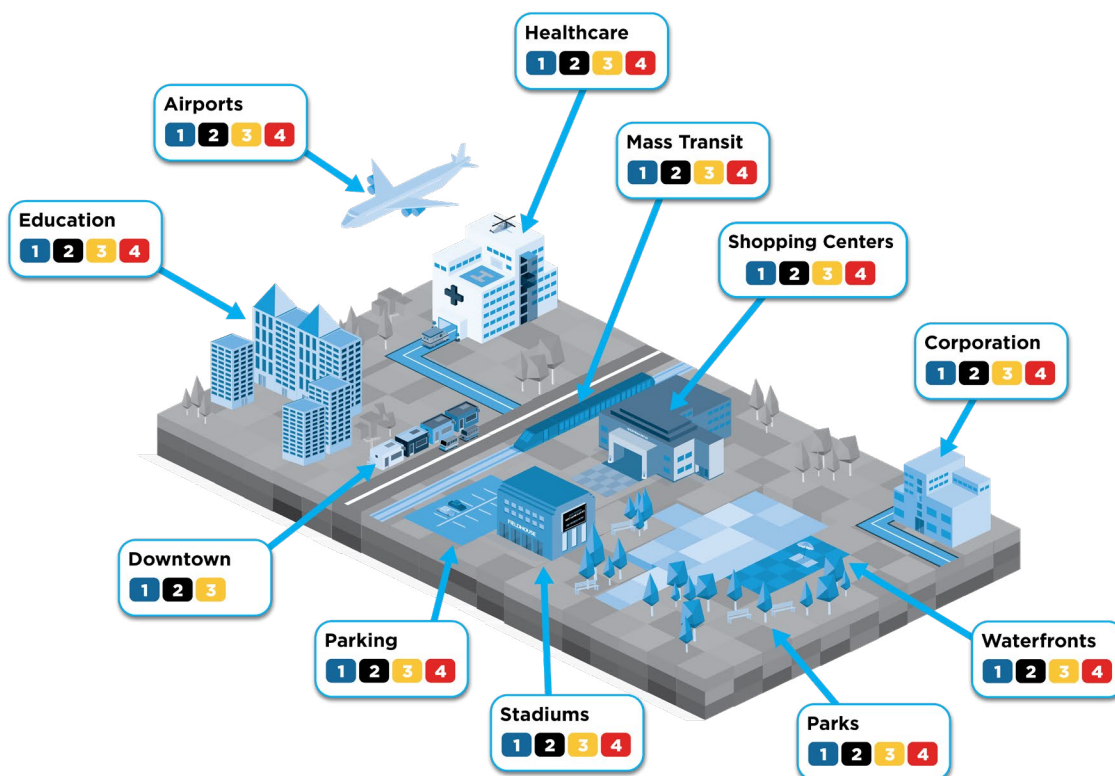

At Code Blue, we design our solutions with one goal in mind: to connect people to help, wherever and whenever it's needed. Whether it's a campus walkway, corporate entryway, transit hub, or public park, our emergency communication products are built to serve a wide range of environments.

Emergencies can unfold in an instant. That's why Code Blue provides fast, reliable connections to first responders, security teams, or support personnel, helping individuals feel safe and supported day or night, all year long.

A VARIETY OF USES

SAFETY **SNAPSHOT**

Below is an overview of the key verticals we serve, showcasing how our products help protect people and places across diverse settings.

| Vertical | Serving | How We Help |
|---------------------------------|--|--|
| Municipal & Public Safety | Cities Downtown Park and Waterfronts | Help Point® units enhance visibility and public trust by offering fast, direct access to help in busy and remote community spaces. |
| Transportation & Infrastructure | Airports Mass Transit Parking Lots & Garages | Support traveler safety with Help Point® units placed in high-traffic, high-risk transit and parking areas. |
| Education & Campus Environment | Schools & Universities Campus Stadiums Campus Parking | Create a safer campus environment with strategically placed Help Point® units that promote rapid response and peace of mind. |
| Commercial & Private Property | Shopping Centers Corporate Campuses Commercial Parking | Help Point® units support property security and customer confidence across office, retail, and mixed-use spaces. |
| Event & Recreation Venues | Public Stadiums Parks & Public Spaces | Ensure crowd safety at venues and public spaces with visible, reliable access to emergency support. |
| Healthcare Facilities | Hospitals Medical Campuses Urgent Care Centers | Help Point® units provide emergency access, wayfinding, and lighting to support patient and visitor safety around the clock. |

EVERY COMMUNITY DESERVES **TO FEEL SAFE**

We know how important safety and peace of mind are, whether it's a campus, a corporate site, a transit hub, or a public space. To learn how Code Blue can support your location and mission, visit codeblue.com or call **800-205-7186**.
