- Provide better tools and more resources to improve response efforts.

Our Products

Help Point Enclosures

Freestanding or Surface Mounted, the presence of our Help Points alone deters crime-related events and can offer a convenient source of assistance to patrons.

Emergency Phones

With analog and VoIP technology, it can match any network needs. Our phones are a reliable communication line for operational activities and emergencies.

Our Software

Blue Alert Software

Our system management software offers unique real-time monitoring and reporting options.

Nebula Cloud

it's a network off your network

Run calls, video, data and more on a secure VPN. And connect multiple devices to your cloud.

What makes us the ideal choice?

Industry Experience

Our team of knowledgeable experts are prepared and available to answer your questions (pre and post sales).

Partnership

From sales partnerships to sophisticated integrations, our "open source" mentality allows us to work with others to provide the best possible solution for our end-user customers.

The Right Solution

Your location is unique, and your requirements are varied. We can work with you to tailor our products and services to fit your needs.

Your Brand

Our durable, vandal-resistant, highly visible products also act as a crime deterrent, making an area less attractive to criminals and helping to keep people safe beyond the "feeling" of safety.
