K-12 SAFE LEARNING SOLUTIONS

Protecting our Future

Threats cause widespread disruptions to school operations that negatively impact students, the staff and faculty. Outdated security systems and lack of modern technology are trending issues and pain points for educational buildings. Unfortunately, those are just the few of the challenges that K-12 schools face.

Our solutions will prepare K-12 schools for threats and disruptions with:

- **Security System Enhancement**
  Upgrade your security and access control with Blue Alert® System Management Tools.

- **Audio paging & two-way communication**
  Add our newly developed Audio Paging System and increase your communication power.

- **Increase safety & security presence**
  Our units, no matter how big or small is highly visible and can deter bad behavior.

- **Early detection and video surveillance**
  Pair your units with Blue Alert® Motion to view, playback & download event-based clips.

Here to Help

Let Code Blue help create a safe learning environment by *providing the tools such as two-way communications, audio paging, visual notifications, video verification and utilizing our cloud platform* to upgrade your security system. Our solutions can help address threats such as cyberattacks, bullying, substance abuse and more.

CODE BLUE
SOLUTIONS

Code Blue has a powerful communication and video monitoring system that will enhance any K-12 security system.

CENTRY

Recommended for entry points and classroom security.

Our smallest Help Point® phone with a powerful station beacon light, robust IP video, and emergency phone capabilities.

Features:

- Ring-lit piezoelectric button
- Full duplex communication
- Vandal-resistant screws
- Optional faceplate camera

EMERGENCY

CB1 Series

Recommended for indoor/outdoor K-12 environments.

Our most iconic tower, its size being the most notable. Their presence alone deters crime-related events and offers a convenient source of help and assistance.
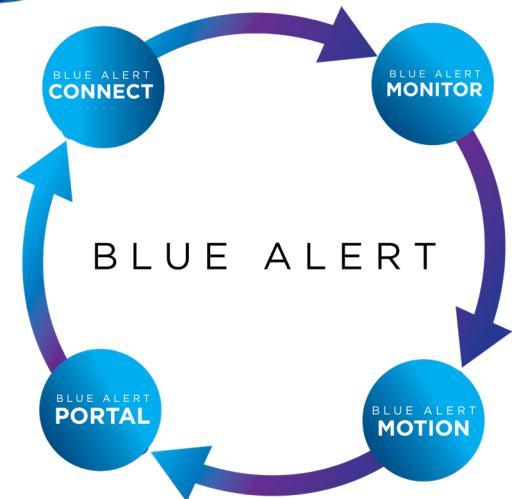

Features:

- Durable quarter-inch steel
- LED faceplate light & beacon/strobe lights
- Audio paging and camera mounting accessories available

CONNECTING
A SAFE SCHOOL

Utilize our Blue Alert® System Management Tools to elevate your security systems.

Our software applications offer unique real-time monitoring and reporting options, effectively acting as a hub for connecting devices. It also provides connections to PBX, public telephone (PSTN) and Internet (ISP) networks, in addition to third party security platform.
