

BLUE ALERT® MONITOR^{PRO}

Features & Benefits

What is Blue Alert® MonitorPro?

Blue Alert® MonitorPro introduces its newest enhancement: the ability to test analog phones, alongside existing SIP monitoring. By expanding coverage to both device types, it eliminates manual testing, improves network reliability, and ensures every Help Point® is ready for a faster response when emergencies arise.

Nebula Cloud

it's a network *off* your network

Use Blue Alert applications through our Nebula Cloud and run calls, video, data and more on a secure VPN.

Features

- ✓ The dashboard makes it simple to manage and monitor your entire network.
- ✓ Automated device testing ensures consistent performance without manual checks.
- ✓ Instant alerts and detailed reports provide quick insight into failed calls or issues.

Benefits

- ✓ Automated diagnostics keep every Help Point® ready when needed.
- ✓ Instant alerts and reports highlight issues before they impact safety.
- ✓ Reliable monitoring gives your community confidence that help is always within reach.
